April 25<sup>th</sup> and 26<sup>th</sup>

## **Golf Shop News**

We hope that you are enjoying the Spring weather! The golf course has recovered nicely from aeration. Please remember to check in with the Golf Shop for daily cart and course rules.

This month begins an active tournament program. Please check the golf calendar for member events and member-sponsored outings. The Member-Member will be contested the weekend of April 25th and 26<sup>th</sup>. This will be a two person team event with full handicap. The format is net better ball each day with a cookout at the conclusion of play on Sunday. The Men's Member-Guest will be contested Friday, May 15<sup>th</sup>- Sunday, May 17<sup>th</sup> using the 9 Hole match around format. Changes for this year are that all players will play with 75% of their USGA Index and we will not incorporate a handicap differential between players. Please call Mark in the Golf Shop if you have any questions concerning the upcoming golf events.

The new Taylor Made R9 drivers and fairway woods have arrived. I will say that through my own personal testing this driver is the best driver to hit the market in the last 15 years. You do not want to miss the opportunity to test this driver. We have demo drivers in regular and stiff flex options to fit you correctly. Please call to set a time and I will be happy to adjust this driver with you to create your desired shot shape. We also have new Cobra drivers, fairways, and hybrids for our Ladies. Please stop by the Golf Shop to view our stock. These clubs will make great Mother's and Father's Day gifts!!!

## **Golf Course News**

Spring golf season is upon us!

The spring maintenance practices are winding down, and the constant daily mowing of the turf is around the corner. The last major procedure is the aerifying and topdressing of the tees. This will be done as soon as more turf has greened-up, so we may have a quicker recovery.

The greens aerifying was very successful this spring. Recovery has been good and

the plugs we pulled were full of many new roots. We appreciate your patience in allowing us to do what is best, in the long run, for the greens.

There are several factors that we bring to your attention that will enable us to keep playing conditions at their best. We ask that you please give them your close attention. Among them are:

1. "Cart Path Only Days". Although I don't like to make this call, it is my responsibility to maintain the best playing conditions.
2. Please pay close attention to all signs posted on the course during your round. It is very important that all golfers adhere to all our golf course policies.
3. We ask for your special attention to these problematic areas on the golf course: Ball marks on the greens, cigarette butts discarded around tees and greens, carts on par 3's, and carts parked too close to greens.

With your cooperation, the course will be in excellent condition for your upcoming season!
